Study Island and Plato Courseware ACT® solutions ensure your students have the best college options

Edmentum shares your commitment to preparing students for college and career success. Our ACT® preparation solutions give your students the knowledge and skills needed to effectively and quickly prepare them for the right path to a successful college admissions process.

Why it works:

- Built from Tutor Associates Expert Knowledge* – Students learn key ACT test taking strategies and content
- Flexible Practice – Teachers assign areas of practice or students work at their own pace
- Real-Time Progress Reports – Identify student’s areas of strength and weakness
- Full-Length Practice Tests – Develop students’ test taking skills and build their confidence
- Bonus Extras – Printable math vocabulary flashcards, an in-depth guide to writing ACT essays, and essay writing prompts

*Study Island has partnered with Tutor Associates, an expert ACT one-on-one tutoring company, to create a program that teaches your students the content and strategies necessary to achieve the best possible results on the ACT.
The Plato Courseware Beyond High School Library, a comprehensive online curriculum for test preparation, offers a full suite of courses for ACT prep, including:

- ACT English
- ACT Mathematics
- ACT Reading
- ACT Science Reasoning

Our courses are more than curriculum; they are specifically aligned to each test's objectives to ensure mastery. Each course includes comprehensive assessments to ensure meaningful feedback and measurable progress.

- Each unit within a course includes a pretest and post-test
- Each module within a unit contains a mastery test
- Every course includes an end-of-course test

Redefining the 21st century classroom
Edmentum is grounded in a tradition of solid research, sound pedagogy, and applied innovation. We provide rigorous and relevant online educational products and services that will challenge your learners with a 21st century approach - engaging them with interactive, media-rich content, proven to be effective by third-party studies.
